

Swedish Chamber of Commerce in China

Honorary Award 2019

Proudly delivered to

Consul General, Lisette Lindahl

Motivation;

Swedish industry and Swedish enterprises benefit greatly from business promotion efforts that help putting them on the map and create openness and interest for further cooperation and development in China.

In her different roles, Consul General Lisette Lindahl has become one of the most active door openers and facilitators for Swedish enterprises in China; first in her role as head of the economic section at the Swedish Embassy in Beijing and from 2016 as Consul General in Shanghai. Lisette Lindahl has a genuine interest for the success of Swedish businesses in China, as well as for China, its people, history, culture and business environment. Her ambitious work and positive attitude has created and contributed to increased opportunities for Swedish enterprises to develop and succeed in China. Lisette Lindahl has through networking, personal engagement and her high level of accessibility become a promoter in the true sense of the word and she is today one of official Sweden's most important representatives in China.

It's with great pride that we nominate Lisette Lindahl as the receiver of the honorary award for 2019.

On behalf of the Main board, Swedish Chamber of Commerce in China

May 10th 2019

Lars-Åke Severin
Chairman

Martin Vercouter
